ADDENDUM NUMBER 4 DATED 18 January 2010

This addendum is part of the Contract Documents and modifies the Project Plans and Specifications as follows:

A4.1 CLARIFICATION REGARDING ACCESS CONTROL:

1. General Contractor to assure this element of construction is included in the bid proposal.
2. Refer to hardware schedule for access control devices to be provided by ERAU. All other equipment to be provided by hardware supplier.
3. Electrical Contractor to furnish and install all raceways, boxes and 120 volt power supplies shown on plans.
4. G.C. to provide **\$35,000** allowance for furnishing, installing & terminating all wiring of all Access Control devices. Exact conductor count to be verified at a later date with hardware supplier and ERAU personnel.
5. Access Control Contractor to interface access control devices with data systems as indicated on plans and in hardware schedule.
6. Access Control Contractor to provide detailed termination requirements and cable ID format for Electrical Contractor. This to be included with shop drawings for approval.

A4.2 DRAWINGS – SHEETS A9.0, A9.1 & A9.2:

All miscellaneous aluminum pieces associated with the millwork in the Flight Operations Building atrium shall be powder coated in lieu of the brushed aluminum currently noted.
